

Hard Hat Lights

CYCLOPS HEADLAMPS

Secure this headlamp on your hardhat and it will anticipate your every move. Cyclops Headlamps allow you to move quickly and efficiently with both hands free. The front mounted design and sealed battery compartment eliminates cumbersome external wiring and allows for the even distribution of weight across the forehead. It is designed to provide maximum performance in any weather condition.

FEATURES

- Secured to hard hat by rugged rubber strap
- Waterproof to a depth of 3 feet
- LED, halogen or long burn bulbs available
- Spot or wide angle reflectors
- Hinged base allows positioning at any angle
- 60 hours of burn time with LED
- Highest power to weight ratio of any light
- Replaceable batteries

HD ELECTRIC COMPANY

1475 LAKESIDE DRIVE • WAUKEGAN, ILLINOIS 60085 U.S.A.

TO USE THE CYCLOPS

1. Mount the Cyclops onto your hardhat with the hinged side down.
2. Use the hinged base to swivel the light to illuminate the area being worked on.
3. To replace the batteries in your Cyclops, install new alkaline or lithium batteries as indicated on the inside of the battery chamber. Close the battery compartment and you're ready to go!

HD Electric cares about the environment and recommends recycling batteries. For more information about battery recycling, please contact your local recycling center or visit the Environmental Protection Agency's website at www.epa.gov.

Cyclops LED
3 AAA Batteries

Cyclops I
4 AA Batteries

Cyclops II
2 AA Batteries

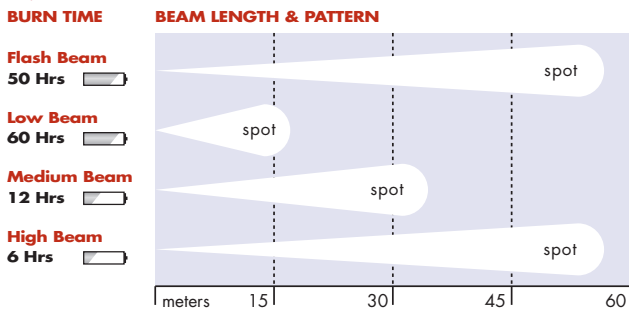

SPECIFICATIONS

Cyclops LED	
Power	1 Watt
Batteries	3 AAA
Battery Life*	50-60 hrs - LED
Weight	4.5 oz. w/batteries
Cyclops I	
Power	4 Watts
Batteries	4 AA
Battery Life*	3-5 hrs - halogen bulb 8 hrs - long burn bulb
Weight	8 oz. w/batteries
Cyclops II	
Power	2 Watts
Batteries	2 AA
Battery Life*	2 hrs - halogen bulb 8 hrs - long burn bulb
Weight	4.5 oz. w/batteries

*Battery life reflects use with alkaline batteries

- The burn life of the LED bulb is approximately 10,000 hours.
- The burn life of the halogen bulb is approximately 50-60 hours.
- The burn life of the long burn bulb is approximately 35-40 hours.
- Cyclops Headlamps are not explosion proof.
