

HD Electric Company V-Watch® Personal Voltage Detectors

HD Electric Company's V-Watch Personal Voltage Detectors are worn on the outside of clothing at mid-torso and provides that extra level of safety by detecting and alerting you to the presence of electrical fields or energized electrical equipment. In emergencies, crews can move in safely to quickly restore power to customers.

Visit our website to view the V-Watch Personal Voltage Detector Video and get more information – HDElectricCompany.com.
